

STUDENT IN-NEED GRANT (SING)

Available to MA, MA w/ABA and PsyD Students

Grant Amount: Grant awards are determined based on stated need, up to \$1,000.

The Student In-Need Grant (SING) was first established by an anonymous alumna who was proud of achieving her Master of Arts degree at MSP while enduring many life challenges. This individual vowed to uphold the spirit of giving by "passing it on" so that current students could be supported in the same way. Need-based grants are awarded to MA, MA w/ABA and PsyD students experiencing unforeseen financial hardship who have exhausted other avenues of funding. Students must be in good academic standing. This grant allows MSP to respond to unique situations that arise for students throughout the year.

Requests must be submitted to the Roger Maki-Schramm, Director of Financial Aid: rmaki-schramm@msp.edu. Requests are reviewed by the Director of Financial Aid and Dean of Student Services and approved by the Vice President or President.

To apply (please print):

Name: _____

Address: _____

Degree Program: _____ GPA: _____

Attach the following:

A written statement outlining the existing financial hardship, attempts to secure other funds and amount of grant requested (up to \$1,000 maximum). Additional documentation or clarification may be requested.

I certify that the information provided in this application is true and grant permission for a review of my transcripts, academic and financial aid records to determine eligibility.

Student Signature Date
