## **DIVERSITY TIMELINE**

Create a personal timeline on a piece of paper by drawing a long straight line and labeling the left end of the line "birthday" and the right end "today."

Think about events in your life that has implicitly or explicitly taught you about diversity.

<b>AT WHAT AGE DID YOU..</b>	<b>AGE</b>	<b>BRIEF DESCRIPTION</b>
..first meet someone of a different race? What was their race?		
..first learn a different language? What was the language?		
..first travel far from home? Where did you go?		
..first learn something significant about your own race/culture?		
..first time you worked with someone of a different culture/race from you? What is their culture/race?		
..first time you noticed that a person avoided or was mean to you and you attributed it to your race, their biases, or prejudice?		
..first time you observed an incident you believe could have been related to racism, bias, or prejudice?
